EXPERIENCE

2021 - 2023

Fiverr
Web developer
As a web developer on Fiverr from 2021 to 2023, I had a great time. I worked on different projects for clients from various industries. I made websites that looked good on all devices and met each client's needs. Fiverr helped me show my skills and get positive feedback from happy customers. This experience improved my technical skills and taught me how to communicate better and manage projects effectively. It was a valuable and enjoyable journey overall.

2020 - 2021

Khyber model School & College
Computer Operator
Experienced Computer Operator with a proven track record in efficiently managing and executing day-to-day computer operations. Proficient in data entry, system monitoring, and troubleshooting to ensure seamless functioning of IT systems. Demonstrated ability to maintain high levels of accuracy and confidentiality in handling sensitive information.

PROJECTS

Online Student Coaching System For Inter Student Of ICP
As a final year project for my BS degree, I successfully developed an innovative online student coaching system for inter students of ICP (Islamia College Peshawar). This platform aims to support and empower students through personalized coaching, providing guidance on academic subjects, career choices, and personal development. Leveraging the latest technology and interactive features, the system fosters a collaborative and engaging learning environment, enhancing students' overall academic performance and confidence. Through this project, I honed my skills in software development, user interface design, and project management, highlighting my ability to create practical solutions to real-world educational challenges.
